Reviews

A fresh e book with an all new viewpoint. It is really simplistic but unexpected situations in the 50 % from the book. Once you begin to read the book, it is extremely difficult to leave it before concluding.

This volume offers new insights into the role of women in ancient China, their important contributions to society, and their pursuit of personal growth and fulfillment. The position that Confucianism may actually foster gender equity is particularly interesting in discussions of whether the Confucian worldview is degrading or repressive toward women.
