LAP Lambert Academic Publishing Okt 2012, 2012. Taschenbuch. Book Condition: Neu. 220x150x3 mm. This item is printed on demand - Print on Demand Neuware - The computer has indeed come to stay as an indispensable tool in offices, businesses, industry, school and government towards the enhancement of operational effectiveness. Many people are aware of this fact and there is an urgent need for a well-articulated high technological programme for our people. The need at this time for good books, which present succinctly and in an easily digestible manner, the key issues in effective tertiary result grading using Microsoft Excel 2007, cannot be over emphasized. Many textbook and E-books dealt with Microsoft Excel 2007 very well especially E-book on Excel 2007 bible by John Walkenbach but Microsoft Excel 2007 Programme for Effective Tertiary Institution Result Grading has come to ease tertiary institutions of some difficulties usually experienced in grading their students results through its step-by-step approach. The author understanding the impact of computer application packages in tertiary institutions result computation and analysis, hence recommends spreadsheet for effective result grading. The subject matter has been presented in-depth, though in digestible modules, with the usual clarity and confidence characteristic of this book. 56...
