Saunders, 2011. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: This is a Pageburst digital textbook;Featuring concise, straightforward coverage, Pharmacology: A Nursing Process Approach, 7th Edition puts nursing pharmacology concepts and essential drug calculation skills into a practical nursing context to prepare you for real-world drug administration responsibilities. This edition has been revised and updated with the most current nursing pharmacology information available. Innovative features such as Prototype Drug Charts, Nursing Process Summaries, an extensive math/dosage calculation section, and NCLEX Examination-style study questions make nursing pharmacology more understandable than ever. Unique! Prototype Drug Charts provide easy access to key information on dosages, contraindications, drug-lab-food interactions, pharmacokinetics, and more for more than 100 drugs. Unique! An extensive, color-coded dosage calculation section covers six methods of dosage calculation - basic formula, ratio and proportion, fractional equation, dimensional analysis, and dosing by body weight and body surface area - eliminating the need for a separate dosage calculation book. Nursing Process Summaries present client care and drug therapy within the framework of each step of the nursing process, including information on client teaching and cultural and herbal considerations.
