NYU Press, 2014. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "Television is anything but dead, but we are now fully into the post-network era that Amanda D. Lotz projected when this book was first published. An incredibly prescient book, setting many of the terms through which television studies has understood these changes, the revised edition updates its account to reflect an age when Hulu, Netflix, and Amazon are now competing for Emmy and Peabody Awards, when television content is being funded through Kickstarter, and where web series are diversifying whose stories get told."-Henry Jenkins,co-author of Spreadable Media: Creating Meaning and Value in a Networked Culture.
