

Text-Book of Organic Chemistry (Classic Reprint)

By Henry Leffmann

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Text-Book of Organic Chemistry This book is offered as an aid to the study of organic chemistry in connection with general and professional college courses. The difficulty in the preparation of such a work is to determine what to exclude. We have endeavored to give consideration to the more important features of the science, especially in its applications. Polarisation of light has been treated in some detail on account of the importance of it in the study of molecular structure. Some descriptive topics that are often passed over very briefly have been given considerable space. Among these are to be noted the sections on Enzymes, Purins, Alkaloids and Proteids. The experiments have been selected with a view of illustrating all the important types of organic compounds and reactions, and at the same time avoiding danger to the student and tediousness and complexity of manipulation. All temperatures are centigrade. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
