Reviews

Thorough information! Its this type of great go through. It is amongst the most incredible publication i actually have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.

JUNG FOR BEGINNERS

[DOWNLOAD](#)

Orient BlackSwan, New Delhi, India, 2007. Paperback. Book Condition: New. Joe Lee (illustrator). Reprint. Carl Gustav Jung merged Eastern mysticism with Western psychology, brought scientific respectability to religion, laid the foundation for 'the New Age', and is second only to Freud in influence and importance. So it is easy to see why some people consider him a genius. But others. Put it this way: Some people are so good that all we can do is look up to them. He was a great man who made great mistakes. The two most (in) famous events in Jung's life were his break with Freud and his sojourn with the Nazis. Most books on Jung minimize his Nazi period. Author and psychologist Jon Plantania, finds nazism too hideous to minimize, so he tells this part of the story without pulling any punches. Plantania then takes us on a tour to the work that made Jung one of the Pillars of modern psychology. And what a body of work it is! Jung's open-mindedness was astonishing. Wherever he went - Calcutta, Egypt, Palestine, Kenya - Jung learned something that expanded his views. His open-ended psychology incorporated yoga, meditation, prayer, alchemy, mythology, astrology, numerology, the I ching - even flying saucers! he taught us that psychology and religion can not only coexist peacefully together, but that they can enhance us, inspire us, and help us complete ourselves. Printed Pages: 156.
