RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 116 pages. Dimensions: 9.7in. x 7.4in. x 0.2in. This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1906 edition. Excerpt: . . . probably also of new oil fields. Even the old field itself would have lasted longer, as it would have been better taken care of. As it was, a short time after the revocation of the license, this old field was allowed to drown out completely when the rock pressure of the field was still 300 pounds to the square inch. To save the field from drowning at that time was quite feasible, but it was expensive, and in view of the limited market then available under the new conditions created by the action of the Government, it was, evidently, considered too expensive. The net and final result was a great loss to the people of the county. Geology of Oil and Gas Fields The geology of the Ontario oil and gas fields was the subject of a complete review by Mr. E. T. Corkill in the report of this Bureau of last year, in which mention was also made of the previous work, references and published information on the subject. It is therefore not necessary to add very much to it this year, but as a further contribution there is presented below the logs of a few deep wells not heretofore published, and the records of two or three wells already published but somewhat differently interpreted here: Well No. 1. Well No. 2 of the Gre and Bruce Oil and Gas Co. , Limited, at Hepworth, on Lot 1 in the 10th Concession of...
