Brand New Book ***** Print on Demand *****.Throughout my life I ve heard many assertions that we use only a very small portion of our mental capabilities. I ve also heard much hectoring about how each of us must take charge of our own health and growth. This book explains how, to my surprise, I have done that and how you can do the same. I focus on four basic areas: immunity to toxicity, immunity to psychic influences from others, raising your level of consciousness, and healing your subconscious-the shadow. Anyone can use these methods-no apparatus, no supplements, no prescriptions, no rituals, no gurus-to enhance their level of flourishing. Each person has upper limits to just how widely they can flourish. Those limits are well above wherever you are now operating.
