Reviews

It is one of the most popular pdf. It really is full of knowledge and wisdom. It has been developed in an exceptionally easy way and it is just right after I finished reading through this publication by which it really altered me, altered the way in my opinion.

THE BON SECOURS HOSPITAL HOLDEN CORONARY CARE UNIT

DANDELION ENTERPRISES, United States, 2010. Paperback. Book Condition: New. 208 x 138 mm. Language: English . Brand New Book ***** Print on Demand *****.From author, Sheila Le Sueur: By creating a Coronary Care Unit at Bon Secours, we were challenging currently accepted Western medical protocols by experimenting with new techniques and technologies. In the process, we were well aware that we were making radical improvements to the quality and practice of coronary care nursing. It was exhilarating to realize that we were making a difference. The stories I have related in this little book are as alive today as ever, reminding me of the days I spent working with an outstanding hospital staff, caring for patients whose lives greatly enriched my own, then and now. I shall be forever grateful for those years spent as a nurse at Bon Secours and for my precious memories.
