

The Politics Responsible for the Rejection of the Keystone XL Pipeline

By Michael Kennedy

GRIN Verlag. Paperback. Book Condition: New. Paperback. 20 pages. Dimensions: 8.3in. x 5.5in. x 1.0in. Scholarly Research Paper from the year 2012 in the subject Politics - International Politics - Region: USA, grade: A, Webster University, course: U. S. Foreign Policy, language: English, abstract: TransCanada Corporations Keystone XL Pipeline is a highly contentious matter in Canada and the United States as its proposed construction has been fraught with economic, environmental, and political issues. Since the pipeline was first proposed in 2008 as an extension of the already constructed Keystone Pipeline, the Keystone XL Pipeline has been most strongly opposed by environmental groups and certain political figures. Pressure from these various groups was largely responsible for U. S. President Barack Obamas decision in November 2011 to reject the immediate construction of the pipeline and instead postpone the decision to 2013. The postponement to construct the pipeline was largely a decision to conduct further investigations of the environmental concerns that opponents to the pipeline have raised. Those in support of the pipeline have suggested that the postponement to 2013 was merely a political ploy in order to avoid the pipeline issue, while appeasing environmentalists, until after the 2012 presidential election. Regardless of the presidents reason...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
