Createspace, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.In the modern day hills of the Ozark Mountains, lives a mid-twenties moonshiner and all around slacker named Waylon Drake (his friends call him Bert). At least that s how the world of humans knows him, but to the supernatural world he is something else entirely. Bert is a wizard that, under the careful scrutiny of the Hand of Magic, works as a low wage mercenary to make ends meet. Living as a wizard in a human world has become rather stagnant for Bert. But when a series of dark supernatural forces start showing up and threaten to harm him and everyone he cares about, he is forced on a mission to attempt to find a mysterious object that no one seems to know anything about. Wielding his wizard staff and a talking sword, the charismatic Bert must face off against hordes of wizards, vampires, were-creatures, and other powerful entities. In a high paced fantasy thrill ride, packed with action, humor, and even a little romance, can the Moonshine Wizard come out on top?.
